Foreword

Many people contact my electorate office seeking information about who they should, or can, contact for advice on a range of matters; particularly when things go wrong.

We have developed this booklet in response to the type of enquiries my office has received from seniors in our community. Wherever possible, we have provided local contacts for a range of government or community based organisations and agencies.

We would like to thank members of the community who provided feedback on the earlier editions and who have made a number of suggestions on what information should be provided in this version.

We have tried to provide as much information as possible without making it too complex. It is designed to be easily read so that information can be found quickly.

This is the Fourth edition of this publication and has been redesigned so that information required urgently, can be found more quickly.

We would also like to thank the staff of the Gawler Council Library and the Economic and Community Development Office who assisted us with the earlier editions. Regular updates to this booklet can be found online at; tony.piccolo.org/ under the publications tab.

We hope you find this modest publication helpful, but if you are ever in doubt about what service would best meet your need please do not hesitate to contact me or one of my staff, and we would be happy to assist you.

Kind Regards,

Tony Piccolo MP
Your Local State Member Of Parliament

*P.S. Please note the entries in this booklet are accurate as of
2 October 2013*
